Appl. No. **Filed** 

10/056,971

January 25, 2002

## IN THE CLAIMS

## Please insert the following claims:

- (New) The multipart intraocular lens of Claim 1, wherein said optic is composed 220. of a low modulus material.
- (New) The multipart intraocular lens of Claim 1, wherein said haptic is composed 221. of a high modulus material.

## REMARKS

The claims have been amended to more clearly claim the invention. Support for Claims 220 and 221 can be found in the Specification on page 13, lines 20-27 in which low modulus and high modulus materials are disclosed. The Specification has been amended to conform with the numbering on the Figures.

The changes made to the claims by the current amendment, including [deletions] and additions, are shown on an attached sheet entitled **VERSION WITH MARKINGS TO SHOW** CHANGES MADE, which follows the signature page of this Amendment.

## **Conclusion**

Should there be any questions regarding the above-identified patent application, the Examiner is respectfully requested to contact the undersigned at the telephone number appearing below. Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.
